Reachy2

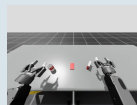

DATASETS

EVALUATIONS

Headcam vs Fixedcam

How much / when
does active vision
help over a fixed
camera setup?

Gaze-Action Lead Time

$$\text{GALT} = t_{\text{hand}} - t_{\text{head}}$$

ID vs OOD Distributions

id : same condition as in training

ood-spatial : object placement extended 2x beyond training range

ood-init-pose : randomization of robot init pose
